## **REVISED SITE PLAN REVIEW PROCESS**

- Step 1:** Applicant submits a completed Application packet with 17 copies of a Revised Site Plan drawn in compliance with §10.2402 of the Macomb Township Zoning Ordinance.
- Step 2:** Copies of the application and revised site plan are sent to the department heads for review and recommendation. Results of the review shall be communicated to the applicant.
- Step 3:** If the reviews from step 2 require revisions to the plans, the Clerk's Office will notify the applicant in writing, requesting they submit revised plans. Once received, the revised plans will be sent for another review by those expressing concern in Step 2.
- Step 4:** Once all of the departments recommend approval of the plans, the item will be placed on the next available Planning Commission agenda for consideration. The Clerk's Office will notify the applicant of the meeting date and of their requirement to be present to answer any questions.
- Step 5:** Notices will be sent to owners and occupants of property within 300 feet of the subject property (see §10.2401.B.4.a. and §10.2402.C.1.a.), which will describe the nature of the request, indicate the property in question, state when and where the hearing will take place, and when and where written comments may be received.
- Step 6:** The Planning Commission shall review such application against standards contained in the Township Zoning Ordinance (see §10.2401.5. and §10.2402.C.3.), Township Planning documents, other applicable ordinances, and State and Federal statutes.
- Step 7:** After holding the public hearing the Planning Commission will take action on the request. They may choose to approve, approve with conditions, or deny the request. The Approval of a (Revised) Site Plan, together with any and all conditions imposed, shall be recorded in the minutes of the Planning Commission (see §10.2401.B.5.d.).
- Step 8:** If the Revised Site Plan is approved, approval is conveyed for one (1) year. A building permit must be applied for by the expiration date, or an extension of the deadline must be requested from the Planning Commission prior to the expiration date (see §10.2402.6.). The Township may require that the applicant post a cash deposit, certified check, irrevocable bank letter of credit or surety bond (amount to be determined by the Planning Commission) to ensure completion of all site improvements within two (2) years from the date of approval (see §10.2402.7.).
- Step 9:** The Applicant and/or Applicant's Representative will be notified in writing of the Planning Commission's action, and will be notified of any conditions imposed and of their requirement to deposit a bond, cash surety or letter of credit in the amount sufficient to cover the cost of improvements associated with the site plan. No building permits will be issued until all conditions of approval, including posting of any necessary bonds, have been satisfied.

## **ALL APPLICANTS TAKE NOTICE OF THE FOLLOWING:**

1. **Attendance Required at Public Hearing.** The Macomb Township Planning Commission requires the Applicant or the Applicant's Representative to be present at the Public Hearing, otherwise the item will be tabled to another meeting date.
2. **Planning Commission Policy Regarding Request To Table.** Should the petitioner request the tabling of a scheduled matter, an amount equal to one-half the original fee shall be charged. Unless the matter is scheduled to a specific future meeting date, in which case no fees apply, said fee shall be remitted to the Township within ten (10) working days of the rescheduling of the matter. If the fees are not paid, the matter may be withdrawn from the agenda.
3. **Department Reviews.** Submittal of this application does not imply that the plans are acceptable, the review of the information by all departments and agencies will indicate if they are acceptable
4. **Forms.** Please use only the forms provided with this application. No other forms, however similar, will be accepted.
5. **Expiration Date.** Site Plan Approval is valid for one (1) year from the date of approval and may be extended by the Planning Commission, if the applicant makes a request in writing BEFORE the expiration. Note: It is not the Township's responsibility to notify you prior to your project expiration date. Failure to apply for an extension before the expiration date will require a new submittal, as the process starts over from the very beginning! (see §10.2402.6.)
6. **Submittal Deadlines.** All applications will be processed the day they are received, provided the application is submitted prior to 2:00 p.m. All applications received after 2:00 p.m. will be processed the next business day. This means that an application submitted at the end of the day on Friday will not be processed until the following Monday morning.
7. **Fees.** In addition to the application fees, a fee of \$100.00 per ½ hour shall be charged for meetings with staff or planning consultant; actual costs will be charged for meetings with the engineer or attorney.
8. **Multiple or Partial Parcel Applications.** Should the proposed development include more than one, or a portion of a parcel, it may be accepted for review by the Clerk's Office. However, such applications may only be considered for approval with a condition that no building permit be issued until all required parcel splits and/or combinations have been executed to the Township Assessor's satisfaction. No building permits will be issued by the Township until the Clerk's Office is notified of these approvals.
9. **Application Processing; Placement of Issue on Planning Commission Agenda.** The review process as described on page 2 will govern the timing of the application. Site Plan reviews, and re-reviews will continue per steps 2 and 3 as described until all departments recommend approval of the plan. At any time after the first departmental review, the applicant may request the item be placed on an agenda of the Planning Commission despite any negative recommendations. The Clerk's Office will comply with said requests received in writing; however, placement on a Planning Commission agenda does not guarantee approval of the site plan. This policy is intended to provide the applicant with a means to receive Planning Commission review when they may not agree with internal comments. If the item is placed on an agenda and is tabled by the Planning Commission or applicant at the meeting, the tabling fee as described in item #2 above, will apply.
